Summer Camp Overview

Thank you for your interest in Pak’s Karate Academy’s Summer Sports Camp program. First and foremost, we are a Martial Arts school...not a daycare. Therefore all of our camps are tailored to make sure that your child’s experience with us is not only exciting, educational, and safe, but empowering and enlightening as well.

Campers will get the opportunity to learn a variety of skills ranging from Survivor skills, to the ancient art of the Samurai sword, to Movie stunt acting and much more. Daily activities will be centered around the Theme established for each week (see next page). All activities are designed to keep your child engaged and excited throughout the day. There will be formal Martial Arts training classes each day which will end at 4:30 PM. The camp day ends at 6:00 PM and parents should make arrangements to have their child picked up by that time.

During the week, your child will be engaged in both physical and mental activities to include indoor and outdoor games, arts and crafts, puzzles, summer bridge activities, motor skill enhancing activities, and tasks designed to promote teamwork and cooperation. There will be a special field trip scheduled each week, providing your child a chance to “get away” for a few hours and do something cool and exciting. Daily “down time” is also incorporated to give them a break from the activities so that they can read, hang out with their friends, or even take a nap if they wish.

To sign up for camp, please call the school and schedule an appointment with the receptionist to discuss your child’s enrollment and complete the registration paperwork. We are extremely limited on space so be sure to get your spot reserved early!!

We look forward to providing your children with the most rewarding experience of their lives.

### Field Trip Schedule

Field trips are scheduled weekly to give our campers a chance to “get away” for a few hours and to broaden their experience. Each Wednesday is a separate specialty field trip designed to engage and enhance your child’s experiences at our camp. In addition, every other Friday is a “water day” where campers will be transported to North Bossier Park for fun in their water area or participate in a water activity at the school.  

***Please note that field trips, classes and activities are subject to change due to weather or scheduling***
To make many of the biggest movies appear real and believable, studios rely on stunt actors. During our movie stunt camp, campers will learn how to choreograph and perform scenes from a script that they will create. Campers are encouraged to interact with the director and make input suggestions. This camp will promote creativity and performance levels while allowing the campers to become “movie stars”.

Summer Camp Activities

Our summer camp activities are designed to keep campers engaged and excited throughout the day. Our activities are a balanced mix of physical activities designed to burn energy and build teamwork, mental activities designed to keep their brain stimulated while not in school, and personal time designed to allow campers to rest and recharge. Some of our activities are as follows:

“Outdoor” activities—these include games such as soccer, kickball, football, volleyball, etc. When the weather is good, we will go outside but our large indoor floor space also allows us to stay cool while enjoying these traditionally outside games.

“Indoor” activities—these include activities such as dodgeball, hula hoops, tag, balloon tennis, puzzles, and other similar activities.

“Brain Gain” time—these activities include mental challenges designed to engage the campers brains during summer break. These might include math challenges, puzzles that require thought to solve, games that require smarts to win, etc.

“Arts & Crafts” time—this includes origami (the art of paper folding), themed crafts, small construction projects, and other sensory building activities.

Martial Arts Class—Each day, campers will participate in a Martial Arts class where they will be working on techniques required for promotion in our Tang Soo Do program as well as stunt kicks, aerials, tumbling, and training associated with our weekly themes such as Martial Arts weapons, movie stunts, Kung Fu and grappling.

“Kid Cave” — Reward for good behavior and sportsmanship in other activities allows campers time in the Kid Cave. This area contains special items like video games, lego sets, electronics time, and other toys that campers are allowed to play with. Campers must be on their best behavior and participate in the other daily activities in order to earn time in Kid Cave.
